THINK THERE WILL BE PLENTY OF COAL

LOCAL DEALERS OPTIMISTIC OVER SUPPLY FOR WINTER.

AT ABOUT SAME PRICES

The 40c Ton Freight Reduction Will Make the Retail Price Cheaper —Others Say a Shortage.

The coal dealers of Maryville seem to generally agree that there will be a plentiful supply of coal here this winter if all of the mines follow suit to the opening of the Ohio mines yesterday. The Illinois and Indiana operators will meet their miners tomorrow and it is thought resumption will begin immediately.

At the request of the striking miners, the members of the Southwestern Coal Operators' Association and the mine union representatives will hold a conference next Tuesday to consider the question of a settlement. The Southwestern Association embraces the states of Missouri, Kansas, Oklahoma and Arkansas.

It is impossible to predict what the outcome of Tuesday's conference will be, coal men say. The miners are willing to return to work at their old wage scales, with the proviso that committees representing each side conduct investigations and make recommendations, but the unions insist that they will not be bound to accept any of such recommendations, nor do they care to submit the question to arbitration, while the operators just as strongly insist that the matter be settled by arbitration.

When asked as to their opinions in regard to the price of coal for this winter the local dealers seem to think that it will be about the same prices as last year. They point out that even if it is a little higher at the mines the 40c a ton freight reduction from last year will make the retail prices as cheap as last year. One dealer says it may be a little high for a while until quantity production is resumed.

The prices recommended by the Missouri coal commission, which are subject to change, were: Slack, $4 a ton; mill run, $4.25; mine run, $5; lump and nut, $6. The prices do not apply to coal produced in Osage or Leavenworth counties in Kansas or to Missouri block coal.

The optimism of the local men does not seem to be in line with the opinions of coal authorities over the country as reported in newspaper accounts. Reports from Washington are to the effect that a local shortage is inevitable even if full production is started immediately. A coal commission has been created by the governor and county committees named.

The county committee have little to do besides carry out the priority orders as specified by the state and national commissions. Under these orders, public utilities and public institutions have first call, household users second claim, industries manufacturing public necessities third claim and industries in general fourth and last claim.

LARGE RAILWAY BRIDGE DYNAMITED EARLY TODAY

Buffalo, N. Y., Aug. 17—The west retaining wall of the big steel bridge over which the International Railway Company operates a high speed line to Niagara Falls was dynamited early today. The fact that the explosion took a downward course instead of upward saved the span from destruction. The wall of the damaged bridge was shaken and ties and rails were raised from three to six inches in the air. The street car strikers are believed to be responsible.

Nicholas Family to State Fair.

Mr. and Mrs. W. J. Nicholas and children, Alice and Junior, left this morning in their car to attend the Missouri State Fair in Sedalia. They were joined at St. Joseph by Mr. Nicholas' sister, Miss Laura Belle Nicholas, who has been visiting there with friends. Robert Nicholas also expects to go to Sedalia for the fair leaving Maryville the latter part of the week.

Return from Motor Trip

Dr. and Mrs. C. V. Martin and children, Forrest and Beverly, returned yesterday afternoon from a motor trip of three weeks to points in Wyoming. After a visit in Cody they toured Yellowstone National Park and on the return trip visited the historic battlefield where Custer and his command were killed while fighting the Sioux Indians.

HORSE MASHES FOOT OF SKIDMORE YOUTH

Toe Amputation Is Necessary Following Accident to A. J. Martin While Driving Hay Horse.

A. I. Martin, the 13-year-old son of Mr. and Mrs. J. P. Martin of near Skidmore sustained a painful injury yesterday when the hay horse which he was driving stepped on his right foot and badly mashed the smaller toes. He was taken to the St. Francis hospital here and it was found necessary to amputate one of the toes. The accident occurred on the farm of Elmer Owens, 5½ miles northeast of Skidmore, where young Martin was helping to put up hay.

GIVES MRS. INA GRAY $1,500 AND 14 MONTHS

JURY IN JUSTICE JOHNSON'S COURT RETURNS VERDICT.

APPEAL TO CIRCUIT COURT

Defense Presented No Evidence and Made No Argument in Hearing This Morning.

Mrs. Ina Gray was sentenced to fourteen months in jail and was assessed a fine of $1,500 by a jury of six men in Judge W. L. Johnson s court this morning on two counts in one information, the sale and the possession of intoxicating liquor.

Both counts were combined in the one trial and the jury gave Mrs. Gray a fine of $750 and seven months' jail sentence for each count. She appealed the case to the September term of circuit court and was released on a $2,000 bond which was signed by her son, Virgil Gray.

The evidence in the case tended to show that on the day of the circus, July 19, Dan Tooher, James Hostetter and Wilson Claypool drove to the Gray farm, south of Maryville, and went into the house, where a quart of liquor was sitting on the table. They bought the liquor for the consideration of $5 of which Tooher gave Claypool $2.50 to pay for his half of the liquor. Claypool testified that he had bought a pint of liquor in the afternoon from a negro on the circus grounds and that he was pretty drunk before he started on the ride that evening which terminated at the Gray farm. He said that he remembered getting into the car with Hostetter and Tooher, but that he did not remember if they went to the Gray farm or not.

In his argument before the jury, Charles McCaffrey, prosecuting attorney, said that this was a class of cases where it is hard to obtain the evidence because those who sell liquor do not sell it on the thoroughfares. They sell it to those who drink and there seems to be an unwritten law between those who sell and those who buy. Those who buy, he pointed out, will stoop almost to the level of a common liar to protect those who sell.

W. G. Sawyers, counsel for the defense, presented no evidence and waived argument before the jury and the case closed about noon today.

The jury was composed of A. S. Robey, J. E. Hull, Joseph D. Thompson, Robert Lyle, James W. Herndon and J. L. Skidmore. Five of the jury was in favor of a higher fine and longer sentence, but the other member held out and the majority came to his terms.

SCHOOL ELECTION TO BE HELD ON AUGUST 26

Will be on Saturday at Eureka Near Skidmore—To Vote on Dissolution of District.

The school election to vote on dissolution of the Skidmore consolidated school district will be held on Saturday, August 26, instead of August 29, as was printed in Monday's Democrat Forum. The election will be held at the Eureka school, six miles northwest of Skidmore. It is necessary to have two-thirds of the residence voters of the district favoring dissolution.

MARION LUGAR GROWS LARGE APPLE ON HIS TREES HERE

Marion Lugar this morning brought to the Democrat-Forum office a specimen of the apples grown on his place. Mr. Lugar does not know the variety of the apple: some have called it a Wolf River and others a Pound. It must be a pound for it weighed a pound and a fourth and measured fifteen inches around.

COUNTY FILMS ARE READY FOR FAIR

LAST PICTURES ARE TAKEN HERE THIS MORNING.

48 GIVE TO FUND

People Respond Well to Help Defray Expenses to the State Fair.

Secretary Geo. A. Pickens of the Chamber of Commerce will leave early tomorrow morning for Sedalia where he is taking the Nodaway County films for exhibition. He will be accompanied by D. E. Hetchkin, Ralph Marcell and Fred Newlon.

The large front curtain display for the exhibit was completed and was displayed yesterday on the side of the building of the Maryville Drug Co. The top piece was Nodaway County in large letters and the curtain on both sides depicted a horn of plenty of agricultural products and pure bred livestock. Kenny Tebow did the art work and Will Foster the lettering.

The last picture to be added to the Films before their showing at Sedalia was taken at the farm of Elmer Fraser east of Maryville this morning. G. A. Pickens, Ralph Marcell and Paul Kuchs went to Mr. Fraser's farm and took motion pictures of an eight acre field of Soy Beans. The picture showed Mr. Fraser standing in the field with the beans which were almost waist high. This picture showed the soy beans as one looked down the row and another view was taken showing a general view of the field.

Mr. Fraser has fifteen acres of alfalfa from which he was harvested two crops and which is in splendid condition for the next crop.

People who are in position to compare this field with others in the county say that this is the cleanest field of alfalfa which has been seen this year.

A complete list of the subscribers to the fund for sending down the county films is given below. This is the complete list up to date and anyone else wishing to contribute may leave their subscription at the Chamber of Commerce office. The list follows:

REV. COOPER SPOKE OVER RADIO AT K. C.

HIS ADDRESS HEARD HERE BY RADIO SUPPLY CO.

EXTRACTS OF HIS TALK

The Radio Supply Company Listened in on Concerts and Speeches From Many Places.

The Rev. J. A. Cooper of Maryville has the distinction of being the principal speaker on the first chautauqua program that was ever broadcasted from a radio station in Kansas City. He appeared before the guests of the Kansas City Star Radio Station and delivered an address concerning the war and the obligations which the people of a democracy owe to the return soldier who fought to abolish wars.

The chautauqua program was broadcasted from Kansas City about 6:30 o'clock yesterday evening. The local station, the Radio Supply Company listened in on the program and sent to the Democrat-Forum extracts of the Rev. Cooper's lecture. The talk was preceeded by a musical program.

Mr. Cooper is with the Redpath-Horner Chautauqua system and has delivered addresses since the middle of May in many points in Western states.

Mr. Cooper said:

"In the three years that have elapsed since the close of the world's greatest catastrophe we have had a chance to reckon the cost of the great war.

"It cost 450 billions of dollars—more money than the world has spent in all its history through governmental agencies for uplift. It cost 8 million men dead, and 20 million men injured. We may not measure what the war has done to the mind of the world; what telling men 'what,' 'when' and 'how,' but never 'why' has done to their spirit.

"Nor can we so easily estimate the cost of the extra legal proceedings necessitated by the war—the draft and commandeering. War may be necessary, but our minds ought to be open to what it means in spiritual and human waste.

"Men gave their lives for peace, not for democracy. The men cared nothing for trade routes to India; they did not fight to down Germany as Germany, but as she represented militarism. Already they talk openly in Europe and secretly in Washington of the next war. War never settles anything; right never wins a war. Might only, wins; autocracy always wins, and democracy never, because to win democracy must become autocracy.

"Our debt to the soldier may be repaid by making our private opinion of war the public opinion of war. Not until we shall have made war a thing impossible shall we have repaid our debt."

Besides hearing the address of Mr. Cooper the Radio Supply Company listened in on concerts and speeches from the following stations last evening: Kansas Star, Star W. D. A. F., Sweeney Auto School, Kansas City, W. H. B.; Spr'ngfield, Ill.; Louisville, Ky., W. H. A. S., Davenport, Ia., W. O. C.; H. H. Radio Co., Anthony, Kan., W. B. L.; Tarkio, Mo., W. I. A. B.; Detroit, Mich., W. W. J.; Memphis, Tenn.; Denver, K. S. A. S.

C. W. YEHLE SAYS IT IS HOT IN NEW YORK CITY

C. W. Yehle, who has spent the past week in New York City buying goods for the Yehle Department store will be in St. Louis Monday to continue his purchases. He plans on being home about the last of next week. A wire from Mr. Yehle says that it is hot in New York, L. B. Tracy replied this morning that it is hot here too.

LEWIS IS HOPEFUL ABOUT ANTHRACITE MINE SETTLEMENT

Philadelphia, Aug. 17 — President John L. Lewis of the coal miners upon entering the conference with the anthracite operators today said that he was hopeful of reaching an agreement. He also stated that the bituminous settlement was developing according to expectations.

Mr. and Mrs. T. J. Williams, Mr. and Mrs. L. A. Conder and Mr. and Mrs. Albert Mercer motored to Bigelow Sunday for the day.

Mr. and Mrs. W. A. Rickenbrode left this morning to attend the Missouri State Fair at Sedalia.

MRS. W. A. BURRIS IN CRITICAL CONDITION

But Physicians Hope for Recovery—Son in Oklahoma Called to Bedside.

Mrs. W. A. Burris of this city is in a critical condition following an emergency operation for appendicitis Monday night at the Presbyterian Hospital in Omaha where she had gone to visit her son and daughter, Russell Burris and Miss Helen Burris. Unfavorable complications have developed but the attending physicians still hold out hope for her recovery. Members of the family have all been summoned to her bedside, Robert Burris of Tulsa, Okla., a son reaching Omaha yesterday. Mrs. Robert Gex, Jr., of Graham, who accompanied Mr. Burris and his daughter, Virginia, to Omaha Tuesday, returned last night.

SAYS NEED RAIN IN MONITEAU CO.

DEMOCRAT-FORUM'S CITY EDITOR WRITES OF CROP CONDITION

HUGE YIELD OF HAY

But Without Moisture not much corn—Short Crop of Wheat and few Oats.

Marvin H. Crawford, city editor of the Democrat-Forum, who is at California, Mo., writes as follows concerning the crop conditions in that section:

Moniteau County and all this section is suffering for rain. In fact crops were suffering around Kansas City and I found the same condition nearly all the way down from there. Up in Jackson County the corn had been hurt some by hail.

Farmers say that unless there is a good rain within a short time the corn crop here will be short.

Pasture in this section shows the effect of the dry weather. It is so short in places that it seems that sheep could scarcely live on it.

In the spring there were rains here and they damaged the wheat. It is said that the crop waas little more than half of the average year's. It is all threshed and the machines were pulled into the sheds some time ago.

It was not possible to sow oats until in May mostly on account of the rains. This crop is practically a failure.

But those rains that damaged the wheat and prevented the sowing of oats were fine on the meadows. A man told me yesterday that he thought the County had the largest crop of hay in its history. He said he believed that it would be a problem to dispose of it all at a profit.

The ground is too hard to plow for wheat in most places but farmers are planning on sowing a large acreage of this crop.

FARM AGENTS TO ATTEND NODAWAY COUNTY EXHIBIT

Roy A. Kinnaird Invites Fifty-Eight Farm Bureau Leaders to Visit Film Showing at Sedalia.

Roy A. Kinnaird, county farm agent, sent a letter to the fifty-eight farm agents in Missouri inviting them to attend the Nodaway County tent at Sedalia during the State Fair and see the exhibit from this county as displayed by the Nodaway County Agriculture Films.

The letter says:

"I want to give you a special invitation to visit the Nodaway County tent when you go to the State Fair next week, and see the motion pictures showing the farms, the agricultural resources and activities in this county. The pictures are planned to give you a birds-eye-view of this county so that seeing the pictures will be almost like taking a trip over the county.

Many of our best herds of livestock are on the screen and some of the activities of the Farm Bureau are included. The pictures will be shown at different hours every day. The tent will be located across the street west of the poultry building."

Mrs. O. D. Falls of Kansas City, who has been visiting her mother, Mrs. George Ingerson, 1009 East Second Street, since Sunday night, will return home tomorrow.

Mr. and Mrs. Emmett Bishop of Ravenwood and Mrs. Bishop's niece, Miss Ruth Goodson of Lincoln, Neb., visited in Maryville today.

FINAL EFFORT TO SETTLE RAIL STRIKE

AGREEMENT NOT EXPECTED TO BE EFFECTIVE AT ONCE.

NO MESSAGE MADE TODAY

President Harding Will Not Give Special Message Until New York Conference Is Over.

New York, Aug. 17.—The final supreme effort to settle the national strike of railway shopmen through intercession of other branches of unionized railway labor, was undertaken this afternoon when leaders of five different non-striking brotherhoods met a committee from railway executives.

It is not expected that an agreement would be effected immediately, but the undertone is optimistic that a basis for settlement would be furnished.

If this conference collapses the burden of settling the strike will revert to the government, and President Harding will deliver his message to Congress.

The railway presidents must take final action upon proposals of rail men submitted to their committee this afternoon.

Washington, Aug. 17—President Harding telephoned Senator Watson of Indiana that he would not address congress today with his message on the industrial situation. He announced that if the New York conference between the big four brotherhoods and the railway executives which is being held today, was successful he may not deliver his address to congress. If the peace parley fails to lay a foundation for adjustment of the rail strike he will proceed with his plans to address congress tomorrow.

FUNERAL SERVICES OF LORD NORTHCLIFFE TODAY

Simplicity Marks Services Which Was Attended by Hundreds at Westminster Abbey.

London, Aug. 17.—Simplicity marked the funeral services of Lord Northcliffe, famous British publisher at Westminster Abbey today. Special arrangements were made for seating hundreds of men and women prominent in England's official and social life, members of the diplomatic corps and Lord Northcliffe's associates on the directorates of the Times and his other publications, who gathered in the ancient abbey to pay their last tribute.

The funeral procession wound its way for five miles through London's streets to the little cemetery of the old Marylebone church in Finchley, a suburb of London.

The funeral rites were conducted by the Rev. William Hartley Carnegie, chaplain of the House of Commons and Canon of Westminster.

Guests at Copeland Home.

LARGEST CIRCULATION IN NODAWAY COUNTY

AN OUTSTANDING FIGURE.

The death of Lord Northcliffe removes at once the most outstanding figure in twentieth century journalism and the most feared politician in Great Britain.

What Charles A. Dana was to the American journalism of fifty years ago, Northcliffe was to British journalism of the present. As the New York Sun was the first paper in the United States to be sold at a penny the London Daily Mail was the first paper in England to be put within the reach of all classes. Another comparison may be drawn between Northcliffe in England and William Randolph Hearst in the United States. Both became the proprietors of a chain of great newspapers and wielders of a powerful political influence. Both tended toward the sensational in their treatment of the news.

In politics Lord Northcliffe occupied a peculiar position. He was known as "cabinet maker." With equal aptness he might have been termed "cabinet breaker." It was he, more than any other man, who caused the downfall of Premier Asquith and the ascendancy of Lloyd George. The last months of his life were in turn devoted to strenuous efforts to bring about the defeat of the present premier.

His death is sure to have a vast political effect. Although his brothers, who will succeed him in control of the London Times, Daily Mail and Evening News and sixty other lesser publications, may carry on the fight against the administration, the dominant personality of Northcliffe can no longer interpose itself in the path of Lloyd George.

With the slogan "We stand by France," Lord Northcliffe opposed the administration's continental policy. A second slogan was "Watch Japan." Unremittingly he preached Anglo-American friendship, not as an end in itself but for the peace of the world.

Lord Northcliffe incurred the enmity of the powerful Newspaper Proprietors' Association in his single handed stand against reducing the wages of printers. He fought for an increase in wages instead of a reduction.

Lord Northcliffe opposed moss backed precedent. With his modern newspaper methods he exerted a great force for progressivism. He delighted in the ruthless destruction of worn out traditions.

The great publicist is dead. He made many friends. He made many enemies, but they respected him because he was a fighter. He fought hard and doggedly and well. And he died fighting.

Golfers address the ball but some of them get the wrong address.

With railroad conditions as they are, the State Fair at Sedalia may suffer somewhat but it is presumed that the politicians will be on hand if the porkers are not.

The fruit growers of California claim they are losing a million dollars per day because of the strike. They are unable to market a fruit crop estimated to be worth seventy million dollars.

The issuance of an order for the sale of five million dollars worth of state road bonds the first of September begins the realization of Missouri's long dream of a highway system. The order carries with it a suggestion that the State is prepared to let contracts for road building in fifty counties. This being the case we may yet see dirt moving in almost half of the State before next spring and by next fall many projects should be completed.

The settlement of the coal strike just concluded does not seem to reach the larger operators, practically all of whom did not take part in the conference, but it should be a fortunate thing for the country as far as it goes. It should put a lot of small mines to work even if the larger ones do not accept the settlement. The time of year has come when the country needs more coal than has been produced and the miners need the work.

Dr. John Owen Murrin Married.

The marriage of Dr. John Owen Murrin at St. Louis on June 21 to Miss Magdalyn Mary Logeman of Atchison, Kansas, was a surprise to the bridegroom's wide circle of friends here. Dr. Murrin is the only son of John Murrin of Maryville and was reared in this city. The following account of the wedding is taken from the Atchison Daily Globe of July 23:

Friends of Miss Magdalyn Mary Logeman, a popular Atchison society girl, will be surprised to learn of her marriage, which occurred in St. Louis June 21. The groom is Dr. John Owen Murrin, of St. Louis formerly of Atchison. Their marriage is announced by the bride's mother, Mrs. F. M. Logeman. Their friends have known for some time that an engagement existed between the young people, but it had never been formally announced and their friends say, the reason the marriage was to be kept a secret is that Dr. Murrin is an interne at St. John's Hospital St. Louis, where the rule is that internes must be single men. The bride, also, is a teacher in domestic science and expects to teach another year, and some school boards object to married women teachers.

The marriage was solemnized at the Cathedral parish, St. Louis. During the past two weeks. Dr. Murrin has been visiting at the home of the bride's mother, and he and his bride have been guests of honor at a number of social events, but they kept their secret, and no one knew of their marriage.

The bride is one of Mrs. Logeman's twin daughters the other twin being Mrs. Louis Klostermeier, of Atchison. And she is a very bright young woman with a charming personality. A graduate of domestic science from the Manhattan agricultural college a year or two ago, she has since taught that branch in the schools. She is a real Atchison girl. The parents were young people, married and reared their family in Atchison. Mr. Logeman died several years ago.

The groom came to Atchison from Maryville, Missouri, to take a position in the First National bank. He lived at the home of Mrs. H. Hausner, and soon won for himself the respect and liking of his business associates, and a place in Atchison society. It was then he met his bride of June 21 She was a school girl, but when he went away to become a doctor it is said an understanding existed between them. Dr. Murrin entered the St. Louis university and received his degree in medicine in 1920. For the past year he has been interning at St. John's hospital where he will continue for a year. He is considered a brilliant young man with a future in his chosen profession.

Dr. Murrin returned Friday to St. Louis to resûme his duties at the hospital, and his bride is remaining for the present at the home of her mother.

Social Hour Club.

A social meeting of the Social Hour Club was held yesterday afternoon at the home of Mrs. Will Spangler The hostess was assisted in serving refreshments by her daughters, Edith and Lesta Spangler, and Miss Lois King. Those present were Mrs. Charles Fakes, Mrs. Mert Morris, Mrs. Floyd Fakes and daughter, Dorothy Jean, Mrs. Roy McMulin and daughter, Eva, Mrs. Art Wilson and children, Virginia, Dorothy and Herbert Dean, Misses Tressie and Lois King, Mrs. W. P. Scott and aughters, Mary and Hazel, Mrs. J. F. Hanna, and Mrs. Leslie Hanna and son, Lloyd. The club will hold its next meeting at the home of Mrs. Rich Spurgeon August 30 when roll call will be answered by interesting articles from magazines and newspapers.

Mrs. Smith Hostess.

The Pickering Needlework Club was entertained yesterday afternoon at the home of Mrs. Wilbur F. Smith in Pickering. The afternoon was spent in needlework, and arrangements were made for a picnic to be held in two weeks at the College Park in Maryville for the members and their families. Mrs. Roland Ricketts, Alice May Smith and Donald Johnson were guests, and the members in attendance included Mrs. J. N. Geyer. Mrs. Joe Carmichael, Miss Blanche Hinton, Miss Mary Wolfers, Mrs. Walter Johnson, Mrs. Ross Lincoln, Mrs. J. W. Wiley and Mrs. Will Hinton. Mrs. Wiley will entertain the club at its next meeting.

Entertain at Dinner.

Mr. and Mrs. G. H. Gross entertained with a 12 o'clock dinner yesterday at their home on North Fillmore street. Plates were laid for Henry T. Maher and Miss Kate Maher of Fulton, Mo., Mrs. Lewis King and family of Stanberry, Robert Cox and the hosts. Mr. Maher is an uncle of Mrs. Gross.

Porch Party for Visitors.

A porch party was given by the members of the Hopkins P. E. O. Chapter Wednesday evening at Woodlawn, the home of Mr. and Mrs. E. C. Wolfers. The affair was in honor of three visiting members, Mrs. W. R. Graham of Worthington, Minn., Mrs. H. K. Ebright of Balwin, Kansas, and Mis Cleo Kime, an instructor of music in the public schools at Granite, Ill.

How thousands of women, by the simple method of an eminent physician, have avoided unnecessary miseries through many months and up to the moment Baby has arrived, is fully explained in the remarkable book, "Motherhood and the Baby." Tells also what to do before and after baby comes, probable date of birth, baby rules, etc., and about "Mother's Friend," used by three generations of mothers, and sold in all drug stores everywhere. "Mother's Friend" is applied externally, is safe, free from narcotics, permits easier natural readjustment of muscles and nerves during expectancy and child-birth. Start using it today. Mrs. E. E. Kerger, Slayton, Minn., says: "It pulled me through." Send for book today, to Bradfield Regulator Co., BA-35, Atlanta, Ga. "Mother's Friend" is sold at all drug stores.

Lowry's Letter

Every home ought to have a trash burner. Papers and the like accumulate and are dangerous when burned in a loose pile. Get the burners here four feet high for 50c.

When you go to Sedalia to the Fair, take a look at the STAR Touring Car which the Durant Motor Co. will be showing at $348. We will be selling them here soon.

C. C. and Ursal Carr are using a lot of fence purchased here.

Bill and Pearl washed the front windows this morning so you can get a good look at the new line of coaster wagons. Some of them have disc wheels "n ever'thing."

Harve Booth was making some purchases this morning, and noticing a SAMSON sulky plow, remarked: "The Samson (Janesville) is the best sulky plow I ever saw." Lots of other folks say that, too.

Did you ever see an AVERY ROAD RAZER? If there were about two of them in your township, they would make a lot of good roads. One man handles it, too.

All the men who run a washing machine every week, please stand up. Now, the rest of you—get your wife a MAYTAG MULTI-MOTOR WASHER.

J. H. Cole of Elmo purchased a SAMSON gang plow the other day. It is not unusual for them to come a long distance to trade here—wagons go to Iowa and implements go every direction. Frequently an Atchison county man will meet a Worth or Gentry county man in our store—both buying goods.

We have some bargains in used cars.

KINNAIRD AND DAIRY SPECIALIST TO RAVENWOOD PICNIC.

Roy A. Kinnaird, county farm agent, and E. M. Harmon, dairy specialist from the University of Missouri met with members of the Harmony community last night in the school house at Harmony where Mr. Harmon delivered an address on the subject of dairying.

Yesterday Mr. Kinnaird and Mr. Harmon spent the day in Jackson twp. visiting the different farms in interest of dairying. They attended the Ravenwood picnic today and conducted a dairy demonstration and Mr. Harmon spoke on this afternoon's program.

William Wygal, Harry Lewis, Roy Hawley and the Rev. C. R. Green's farms were visited yesterday.

WILLIAM WYGAL OF RAVENWOOD HAS UP-TO-DATE BARN.

William Wygal, north of Ravenwood has just completed a new dairy barn on his farm which will accommodate twenty-five cows and which, according to the estimation of Roy A. Kinnaird, county farm agent, is up to the minute in every respect.

The stanchions are floored with creosote and Mr. Wygal is using the Louden equipment throughout. He has a concrete alley through the center of the barn and the stanchions are floored with cement blocks. It has many windows in it which makes it modern from the standpoint of light and it is well ventilated. The inside of the barn is plastered.

In one end of the barn Mr. Wygal has a feed room and the silo and a motor to run his grinder and silage cutter. Most of his cows are Holsteins. He sells most of his milk in Ravenwood.

A WOMAN'S BACK.

The Advice of This Maryville Woman Is of Certain Value.

Many a woman's back has many aches and pains.

Oftimes 'tis the kidney's fault.

That's why Doan's Kidney Pills are so effective.

Many Maryville women know this.

Read what one has to say about it.

Mrs. J. W. Armstrong, 615 E. Second St., says: "Doan's Kidney Pills have been a household medicine in my family for years. My back and kidneys were in bad shape and sharp shooting pains often caught me in the small of my back and always left my back in a weak condition. My kidneys were irregular in action and I suffered dreadfully until I started to use Doan's Kidney Pills. A few boxes of Doan's brought me great relief. I am glad to recommend Doan's."

Price 60c, at all dealers. Don't simply ask for a kidney remedy — get Doan's Kidney Pills—the same that Mrs. Armstrong had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—Adv.
